# BERNSTEIN System Solutions

## Expertise from under one roof

### Expanded range of services from BERNSTEIN enclosure systems

BERNSTEIN specialises in products that reliably protect your technical equipment from damage, the environment or unauthorised access.

Bespoke system solutions are based on tried and tested enclosure technology in individual design combined with BERNSTEIN suspension systems.

Tailored wiring and the installation of components can now be integrated directly in our new extended enclosure production process.

Starting with the preassembly of mounting rails and terminals through cable configuration, to component mounting and complex integral wiring solutions.

#### BERNSTEIN – Your solution specialist

### New system integration approaches such as the installation and preassembly of:

- Power supply units
- Operating and control elements
- Membrane keypads
- Displays, power supply and data cables
- I/O assemblies
- Ethernet components
- PLC/IPC solutions of all renowned manufacturers

### Your advantages:

- **Solution specifically tailored** to customer requirements
- System solution phased directly into production process
- Compliance with **applicable product standards** (ATEX, IP classes), industrial standards
- Administration expenditure and costs reduced by
  - **Purchase and inventory** of components by BERNSTEIN
  - No residual quantities of individual components
  - Use of standard components
  - No costs incurred for **assembling individual components** – delivery of complete systems
  - Acceptance of part projects by BERNSTEIN, therefore, reduced assembly and component mounting costs
- **Integration** of BERNSTEIN switch and sensor technology
- System components procured by BERNSTEIN

## Combination of BERNSTEIN enclosure and customer technologies

**As a solution specialist, BERNSTEIN has available core expertise in electro-mechanical applications and a comprehensive range of tools to suit the most demanding layout requirements.**

- **Customer-specific enclosure modifications, freely selectable dimensions and configurations created by:**
  - Holes
  - Threads
  - Apertures
  - Pre-punched sections
- **Preassembly, mounting and wiring of:**
  - Mounting plates and support rails
  - Hinges and mounting brackets
  - Terminals and screwed cable glands
  - Circular connectors
- **Individual powder coating (including special colours) from our „in-house“ production facility**

**Switch technology –  
Economy meets safety**

**Sensor technology –  
Compact intelligence**

**Enclosure technology –  
Function and design**
