

Addendum Sheet

The following In-Sight® vision systems are shipped with the non-volatile flash memory and image processing memory listed below. Models can be identified by the Part Number (800-xxxx-xx) or the Type (821-xxxx-xx). To locate the Part Number, refer to the Part Number label on the back of your vision system. For In-Sight 5000 series vision systems, the Type is located on the yellow label affixed to the vision system. For In-Sight Micro vision systems, the Type is located on a silver label affixed to the bottom of the vision system.

Note: For the most up-to-date regulations and conformity information, please refer to the In-Sight online support site: <http://www.cognex.com/Support/InSight>.
